KLEN

An ancient Japanese legend, which grants a wish to those who manage to create a thousand paper cranes, inspires our Klen collection. Its foundation is a domed, very smooth and velvety-textured cement, but the most distinctive feature of this series is the relief that reproduces origami figures. Ceramics, after all, are connected to the art of folded paper: pieces are made one by one, folded, and then assembled to build the object.

Una antigua leyenda japonesa, según la cual se le concede un deseo a aquel que consiga crear mil grullas de papel, inspira nuestra colección Klen. Su base es un cemento abombado, muy suave y de tacto aterciopelado, pero lo más característico de esta serie es el relieve que reproduce figuras de origami. La cerámica, al fin y al cabo, guarda relación con el arte del papel plegado: se hacen piezas una a una, se pliegan y luego se van sumando para construir el objeto.
